Most observers agree that the government will have to make sharp cuts in public spending to cut the country's deficit. There are different views on how soon the government should cut spending. Which of the following best reflects your view?

The government should cut spending sooner rather than later: the longer they delay the worse it will get	44	45	44	67	23	39	48	41	42	45	44	45	43	43	48	45	42	35
The government should not cut spending too soon: it would risk putting the country back into recession	38	36	38	23	66	42	42	35	36	41	38	42	34	39	35	39	40	45
