Aberdeenshire Council earlier this month refused to rule out the use of Compulsory Purchase Orders (CPOs) to remove people from land which Donald Trump wishes to use for a housing and golf development. Compulsory Purchase Orders could therefore be used to force residents to leave their homes.

Supporters of the CPO claim that the resort would be a welcome investment in the local area and could create more than 1200 new jobs, whilst the residents argue that use of CPOs undermines their right to remain in their homes.

To what extent do you support or oppose compulsory purchase orders being used to evict local residents from their homes to accommodate Donald Trump's housing and golf development in Aberdeenshire in this instance?

Strongly support	3	3	4	2	4	2	5	2	3	4	5	2	2	3	4	2	4

As you may know, the Forth Road Bridge is deteriorating, and action will need to be taken to ensure a continued road link across the eastern Firth of Forth. The Scottish Government has proposed building a new bridge at an estimated cost of up to £2,300m which it will pay for using public Scottish funds, but borrow initially from the UK government in order to help spread the cost.

According to a report by the Forth Estuary Transport Authority, the existing Forth Road Bridge could be repaired, rather than replaced, for an estimated cost of up to £122m.

Those in favour of REPLACING the bridge argue that it needs to be widened, to reduce congestion, and that a new windshield should be built to protect travellers. Those in favour of REPAIRING the bridge argue that replacing the bridge altogether would put an unnecessary burden on public funds.

Which ONE of the following statements comes closer to your view?

The Scottish Government should REPAIR the existing bridge	57	64	59	56	51	66	61	52	51	58	51	62	54	60	56	58	55
The Scottish Government should REPLACE the existing bridge	34	30	32	37	41	29	30	44	41	35	42	26	34	30	36	35	32
